Checkpoint 4 Sprint D 02-06-2022

I think, I did pretty well in this sprint.

Takes leadership of the group and is good at organizing things.

Good: Works nice together in the group. To improve: I don't know.

Helps with the merging and does what is required of him. Could be a little bit more open about the process of what he is implementing.

Helps great if there are any problems in the group, great work on the design!

did what he was suppose to do!

Checkpoint 3 Sprint C 12-05-2022

I should put more effort on designing the UI of web application.

worked great on the front end

did good work and did what was asked of him!

Nice to work with, good work quality and takes active part in the project.

Shares thoguht and implementation he has done. Contributes sufficiently.

Does what he is told and is helpful.

Checkpoint 2 **Sprint B** 14-04-2022 

  Can contribute more in coding

  doing great with the front end

  Nice to work with, made good contributions.

  very nice to work with and finishes his work on time!

  Pretty nice contribution to the project. Suggests ideas and keep others up to date with his work.

  I am happy to work with this person in one team and he does well.

Checkpoint 1 **Sprint A** 24-03-2022 

  During group meeting should be more active

  Airell is nice to work with

  Doing good so far

  Very good work. Contributes a lot to the team.

  This person contributed well to the project in the first sprint

  Contributing pretty sufficiently gives ideas and starts up documents.
